An Epic Drama Born from a Myth A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between.

Unique Online Play that Loosely Connects You to Others In addition to multiplayer, where you can directly connect with other players and travel together, the game supports a unique asynchronous online element that allows you to feel the presence of others.

New Characters

- Nilfand and the Birdman: A pair of adventurers who are rivals for the prize of the Amazon Queen's throne. Partisan of the opposite factions, they are forced to join forces at the entrance of Nilfand. Appearing alongside the black duo is Josuraia, a young princess in the service of the Amazon Queen. Players will need to make use of the current situation while facing off with their allies.
- Bt: A knight of the Spirit Princess. With the strength of the black duo, he will be fighting alongside his friends in the hunt for the secret artifact.
- Klaczka: An odd-looking girl with her head shaved and decorated with large, neon-bright hairflowers. Her name is 'Chiyo', and the graphics for the character were created by Mr. Motohide Tamura, whose work has been featured on many of the popular Pokemanga

Q: HML, automatic numbering of section/subsection I need to create a table of contents for a book. It should be numbered in the following way: 1. Chapter 1 and 2. Section 1.1 ... 2. Section 1.20 and so on (both chapter and section numbering has no importance at the moment) Normally, for a book, the solution would be: `ewlist{toc}{tocsection}{20} \setlist[toc]{ counter = 1, beforesep = \parindent, itemindent = 0pt, labelwidth = 6.5em, itemsep = 2mm, leftmargin = *, labelindent = *, itemjoin = \hspace*{2pt}, topsep = 7pt, itemunroll = 4ex, afterindent = *`
