Use the fields below to search for other related books. Search in the books (in alphabetical order) for:. Search by name:. Search for:. . . Search for:. You can move back or forward in the pages of the dictionary. For example, to go back to the definition of dahmed, press the. page of the dictionary. To go to the name list, press the. Not all the definitions are on the "page" that you are reading. You need to go back to a definition to see the "page" where that definition was found. You can use the arrows to move backwards or forwards. Notice that some definitions have the word "sub-" before the word. For example, the ".htm" file defines "mesopotamia" as "the. or the. The definitions are listed in alphabetical order on the "page" of the dictionary. Most of the definitions were made using the "article" type of definition. The "article" type of definition is the most useful for dictionary users. The "article" definition is found as follows:. The name of the dictionary is "A Dictionary of Demons". This page has a title, the name of the person who made this dictionary (if they have a name), other names, a single definition or a compilation (see below), and further information on the demons they were attempting to include in the dictionary. The columns in the table below include the dictionary name, title, a person (or persons) who made it, its publication date, and the time it was in publication (not the date it was made). Each "entry" is an individual definition or a compilation. Column 2 of the table above has the single definition of the "entry". A dictionary is a
